

## Executive Officer - Community Transport Organisation

Applications close *13 July 2012* | Parramatta

The Community Transport Organisation (CTO) is the peak body for Community Transport Services in NSW. Community Transport provides a range of transport services to disadvantaged individuals in the community. Working directly for the Board we are seeking an innovative leader to guide the organisation and provide leadership to the industry through the changing landscape for Community Transport.

You will be required to grow the CTO through increased public profile by engaging key stakeholders and influencing public policy decision makers. Your strong marketing and communication skills will secure new funding for the CTO to allow the organisation to advance the community's understanding of the vital role community transport plays in promoting independence and social inclusion in the community.

### **You will ideally possess:**

- \*High level competence in policy development in the community sector.
- \*Exceptional communication skills to advocate on behalf of members and to liaise with stakeholders in government, other community services and other transport providers.
- \*Demonstrated high level management skills to work with the Board on strategic planning for the organisation and the sector to enable the industry to move forward.
- \*Experience within the not for profit sector seeking out alternative sources of funding to enable the delivery of social justice programs.

You will ideally hold tertiary qualifications in a relevant discipline. Naturally your personal values will reflect the ethos of a not for profit, community focused organisation.

An attractive performance-based remuneration package will be negotiated with the successful candidate.
