Background to STARTTS

STARTTS is a state-wide service funded by the NSW Department of Health and Commonwealth Department of Health to provide high quality assessment, treatment and rehabilitation services to people living in NSW who have experienced organised violence or trauma associated with the refugee experience. STARTTS is an Affiliated Health Organisation (AHO), a Non-Government Organisation whose services are deemed to be part of the NSW public health system.

STARTTS' service provision philosophy is predicated on a bio-psycho-social framework that incorporates a large range of clinical and psycho-social interventions informed by the latest advances in neuroscience and evidence based practice in relevant fields. As such, STARTTS provides a broad range of services including assessment; counselling for all age groups; psychiatric assessment and interventions; family therapy; group interventions; body-focused interventions such as massage, physiotherapy, acupuncture and pain management groups; support groups; programs for children and youth; and various strategies to increase the capacity of support networks and refugee communities to sustain their members.

The focus of the STARTTS' approach is on building capacity and empowering people and communities to take control over their own lives, using a strengths-based approach and building on individual, family, community and cultural strengths.
