TOTAL	9700														

*Economic disadvantage has been calculated as 50% below the median income, excluding housing costs, in line with ACOSS methodology for national/state poverty rates and using 2016 Census data.

**Data for people with disability, CALD, and First Nations people draws on 2016 census data to identify people in these groups on low incomes.

Light green background indicates prevalence higher than the NSW average for that group

For further information on the prevalence of economic disadvantage among other cohorts see NCROSS's Economic Disadvantage Map at <https://maps.ncoss.org.au/>
